Profile

Full-Stack Developer with 5+ years of experience building web and mobile products from concept to code. I design interfaces in Figma and build them with React, Next.js, React Native, and TypeScript, and I also ship back-end features in Laravel and PostgreSQL. I use AI coding agents (Claude Code) daily to plan, build, and review code. Working across design and engineering reduces back-and-forth and speeds up delivery.

Experience

Software Analyst — Code Script Technology Sep 2021 – Present · Remote, Brazil

My Fleet · Full-Stack Developer Designed and developed a vehicle tracking and telemetry platform, leading UX design and front-end: dashboards, real-time maps, charts, and reports with React, Next.js, and TypeScript, shipped to 5 white-label client platforms. Built back-end features with Laravel and PostgreSQL (schema, migrations, REST endpoints) and mobile features in React Native, including push notifications on Android and iOS, covered by Jest tests.

Rota System · Front-End Developer Built a logistics and fleet tracking platform. Developed reusable component architecture and integrated REST APIs, with focus on performance and responsive design across devices.

IFDC · Front-End Developer Modernized a fertilizer formula management system. Rebuilt the UI in React and TypeScript, improving usability and introducing new features aligned with user workflows.

Stara · UI/UX Designer Designed desktop and mobile interfaces for an Operator Portal. Worked closely with stakeholders to align usability improvements with business goals and maintain visual consistency across the product.

Michigan · UI/UX Designer Designed mobile screens for a brake lifecycle monitoring app. Produced high-fidelity prototypes and a design system in Figma for handoff to the development team.

Web Developer — Orni Nov 2020 – Apr 2021 · Remote, Brazil

Built and maintained WordPress websites using HTML, CSS, and JavaScript. Customized themes and implemented client requirements with a focus on responsiveness and visual consistency.

Skills

React.js · Next.js · TypeScript · JavaScript (ES6+) · React Native · Sass/CSS3 · Tailwind CSS · Laravel (PHP) · PostgreSQL · REST APIs · Jest · Git · Claude Code · Figma · UI/UX Design

Education

Computer Technician — QI Faculdade e Escola Técnica, 2018–2021
